VAT (EU Only)	

6. Confirmation (will be sent to Subscriber if below empty)	
Email address	

7. Please Complete Only Option A or Option B Below			
Option A. Email Address or Domain Authentication (please list internet email addresses or full email domains)			
1		<input type="checkbox"/> Add	<input type="checkbox"/> Delete <input type="checkbox"/> Enable Attachments
2		<input type="checkbox"/> Add	<input type="checkbox"/> Delete <input type="checkbox"/> Enable Attachments
3		<input type="checkbox"/> Add	<input type="checkbox"/> Delete <input type="checkbox"/> Enable Attachments
4		<input type="checkbox"/> Add	<input type="checkbox"/> Delete <input type="checkbox"/> Enable Attachments

Option B. Username / Password Authentication	
<input type="checkbox"/>	I want to send emails using Username / Password Authentication
Password	<input style="width: 100%;" type="password"/>
<p>Please note that the password should consist of up to 8 alphanumeric characters. If username / password authentication is selected then you should not register individual addresses, as the two are mutually exclusive. Password can only be changed by Stratos Support</p>	

*Important Note Regarding Attachments
<p><i>The C-Email registration does not normally include the possibility to send attachments. Sending attachments without knowing the total message size could generate considerable costs as the C-Email service is charged per block of 256 bits. By selecting 'Enable Attachments' on this form you confirm you are aware of the possible cost implications and agree to pay any charges which arise out of sending attachments with your messages.</i></p>

8. Header Options (NOTE: this feature is currently available on LES 02 ONLY)	
<input type="checkbox"/> Suppress "From" Line from being sent to vessel	<input type="checkbox"/> Suppress "Subject" Line from being sent to vessel

9. Preferred LES	
<input type="checkbox"/> LES 02 (@stratosmobile.net)	<input type="checkbox"/> LES 12 (@c.xantic.net)

Subscriber Agreement by Authorized Representative

Additional Information Regarding The Application For The Stratos C-EMAIL Service

Service Description

The Stratos C-email Service is available for business users and provides worldwide communications between Internet e-mail users and Inmarsat-C terminals. A C-email registration is required in order to send email to Inmarsat-C terminals.

C-email for Private and Small Business Users

Stratos Prepaid Messaging is recommended for private and small business or low volume users - typically if you expect to be invoiced less than \$30 per month. For more information on Stratos Prepaid Messaging and on-line registration please select Prepaid Messaging from the Product Finder at www.stratosglobal.com.

Ship to Shore Email

Inmarsat-C terminals do not have to register in order to send messages to shore side email addresses. This service is available via Special Access Codes 28 or EMAIL when logged on to LES 02 or 12.

Cost Control and Attachments

Inmarsat C-email is a very convenient service when dealing with relatively short text messages. Attachments are technically possible, however this can significantly increase message cost and are normally only used by subscribers that have very specific applications. In order to help with cost control, Stratos offers the ability to send attachments as an option. The default configuration for an email address is "no attachments". Please be aware that this choice applies to all messages sent by a specific email address.

C-email Registration

The Stratos C-email service requires a direct billing relationship with Stratos. For new customers, Stratos reserves the right to perform a preliminary financial check. Following the approval of the application, the registered customer will receive a confirmation letter including user instructions.

C-email charges

There are no registration or ongoing subscription fees for this service, however there is a minimum monthly billable amount. For current rates, please visit our website or contact your Stratos Sales Manager or distributor. Note that all messaging charges are expressed in US dollars (USD) per block of 256 bits.

For more information please visit our website www.stratosglobal.com or email us at sales@stratosglobal.com
